Changes were made to the Model Year 2015 60" Fabricated Deck (19A40025100). The 60" deck now comes with extended length front axles to be installed on the Model Year 2015 XT3 Enduro **GSX** Tractor (14AD3LE-010).

ACTION REQUIRED:

When a 60" fabricated mower deck has been installed along with the extended length axles, the 46" snow blade now requires the longer length skid shoes and Hi/Lo shave plate to achieve proper operation. Order one (1) **759-05075** GT 2000 46" Blade Conversion Kit when installing a **19A40022** (19A40022100) or **19B40022** (19B40022100) 46" Snow Blade onto a Model Year 2015 XT3 Enduro **GSX** (14AD3LE-010) with a 60" fabricated mower deck.
